

2013 test results

The numbers in each table are the percentages of students who met or exceeded state learning goals. Districts and schools are ranked according to their overall performance on the Prairie State Achievement Exam given to high school juniors and according to growth demonstrated on the Illinois Standards Achievement Test. Percentages of low-income students are also given because poverty is associated with lower test performance.

PSAE: Central Illinois

Here's how 40 school districts did on the Prairie State Achievement Exam and ACT.

	Enrollment	Percent low-income students	Attendance rate	4-year graduation rate	5-year graduation rate	Grade 11			PSAE		ACT
						Reading	Math	Science	2012 total	2013 total	2013 score
Mount Zion	2,410	21.0	95.6	90.8	95.3	80.6	73.5	75.9	71.7	77.1	22.2
