

Mt. Zion Schools Earn SchoolSearch Bright Star Award

The Mt. Zion School District was named as a recipient for the 2011 School Search Bright Star Award. This award is based on Illinois school districts with the highest student performance at the lowest cost. Recipients were required to rank in the upper one third of Illinois school districts academic performance, but whose expenditure per pupil ranks in the lower one-fourth. The Mt. Zion School District is proud of this award and it's reflection of our continued efforts to provide the best opportunities for our students with the least financial impact on our tax payers.
