

September

Sun	Mon	Tue	Wed	Thu	Fri	Sat
	Have your child recite their birthday.	Have your child practice reading their sight words.	Practice skipping.	Read a book about different jobs and tell your child your job.	Draw a picture or write a letter to your grandparents.	Go on a shape hunt.
Tell your child 5 things you love about them.	Count how many bugs you can find in your yard.	Learn a tongue twister: "Sally sells seashells by the seashore."	Practice buttoning.	Read a book.	Go through a magazine and find the letters in your name.	Make a shape snack.
Go to the grocery store and weigh some fruits and vegetables.	Teach your child how to zip their coat.	Ask your child to make a list of words that rhyme with stop.	Ask your child to recite the 3-R's.	Draw a picture of how you follow the 3-R's.	Sing and dance to your favorite song.	Visit the library and check out a book about Fall.
Have your child put ice cubes in a glass. Guess how long it will take to melt. Time it and see how close you are.	Use magnetic letters to spell your name, sight words or spelling words.	Write a list of your favorite animals.	Dump out several coins. Sort them by size.	Make a family tree.	Memorize a nursery rhyme.	Take your child on a texture walk. Find things that are smooth, rough, prickly, etc...
Go for a long walk and talk about why it is important to exercise everyday.	Praise your child for something helpful they did today.	Apple fractions: Cut an apple in half and fourths an explain.
